Deutsche Messe Technology Academy

Deutsche Messe Technology Academy GmbH

Objectives:

- The Deutsche Messe Technology Academy operates industry academies worldwide.
- The academies operated by the Deutsche Messe Technology Academy focus on areas of technology that are transforming entire industries. They organize conferences, workshops and networking events, help identify new business areas, provide personnel training and can help transfer German-style dual-track apprenticeship models to other countries.
- Together with our partners, Volkswagen and Fraunhofer IFF we are establishing overseas equivalents of all of these academies.
 - Deutsche Messe AG and Volkswagen AG share common interests in educating and informing SMEs in Automation Robotics and Industry 4.0
 - Fraunhofer IFF is acting as an international research partner for Automation, Robotics and Industry 4.0

Deutsche Messe Technology Academy GmbH

Germany (current status)

Worldwide (current status)

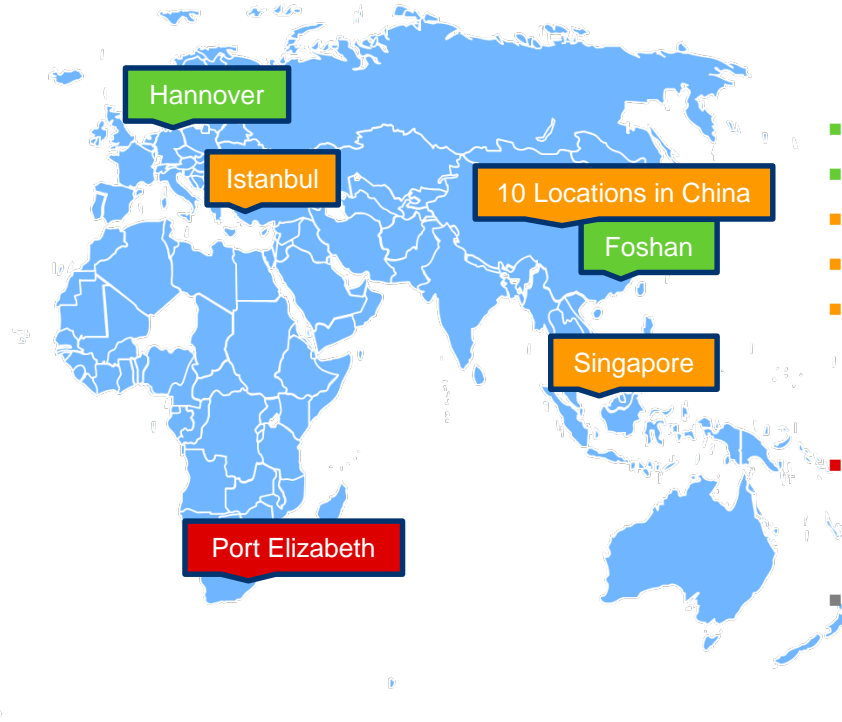

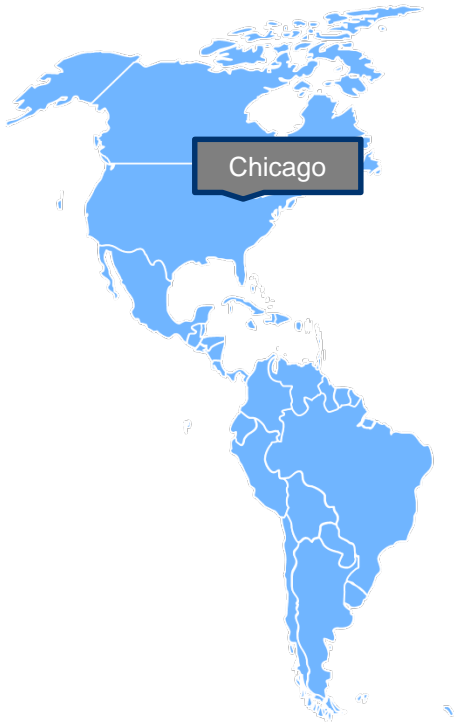

2019 & 2020 (expected)

In future Deutsche Messe Technology Academy will build up a worldwide network of "industry academies"

Deutsche Messe Technology Academy

Building a worldwide network of industry academies

- Hannover, 2009
- Foshan, 2017
- Istanbul, 2020
- Singapore, 2020
- China, appx. 10 Locations until the end of 2021 (Talks with: Nanjing, Kunshan, Hangzhou, Huizhou Shenyang, Ningbo/Yuyao)
- Port Elizabeth, under preparation with VW of South Africa
- Chicago, started talks

Until the end of 2021:
More than 10 locations
worldwide

Technology, network and knowledge partners of Robotation Academy, Hannover

Technology Partners:

Technisches Institut für
Aus- und Weiterbildung

Pushing Performance

Hewlett Packard
Enterprise

Network and Knowledge Partners:

Nutzfahrzeuge

April 2018

Technology, network and knowledge partners of Additive Manufacturing Academy, Hannover

Topics: additive manufacturing in industrial production, applications and possibilities
Events: industry meetings, conferences, seminars

Technology Partners:

Network and Knowledge Partners:

Nutzfahrzeuge

April 2018

Robotation Academy Foshan

Our first overseas academy

Deutsche Messe
