

INCATI

KEEPS INNOVATING

—
@ TAPIBEL STAND | HALL 11 - STAND C43

**INCATI stands for INnovative CARpet Tiles.
WE DIDN'T CHOOSE THAT NAME ARBITRARILY.**

**That's right. We continuously strive to innovate and create high quality designs through clever combinations.
As always produced using 'state of the art' machinery.**

Our designers constantly keep up with the latest trends and transform their ideas into contemporary colours and designs.

**The unique and innovative INCATI collections will be presented at Domotex 2018.
You can find us at Hall 11, stand C43!**

INCATI SAILS ON WITH ECONYL® BRAND

We are proud to present more than 10 collections which are manufactured with 100% sustainable ECONYL® BCF yarn.

Definitely another important measure INCATI takes to decrease it's environmental impact. ECONYL® yarn is a 100% regenerated and regenerable fiber made from pre- and post-consumer Nylon 6 waste materials, such as production discards, industrial plastic components, oligomers, fishing nets, fabrics and spent carpets.

CLAIM YOUR FREE DOMOTEX TICKET!

Visit us and discover a new world of innovative flooring.
