

## Atam. Living technology.

[atam.it](http://atam.it)

Atam is a brilliant, dynamic, evolved technology: so committed to research and attentive to quality. Such as the connecting systems, customizable in materials and electronics, self assembly and with moulded cables. The latter ones ensure the IP65, IP67 and IP69K protection degrees.

Moreover, Atam produces encapsulated, external armature and ATEX – IECEx coils, industrial sensors and digital pressure switches: natural answers to any requirement of integration, service and flexibility.
