Domestic applications for a patent	Number	12 828	14 783	14 220
Engineer density	%	3,7	3,9	.

This south-west state of Germany is a top quality location for enterprises with international standing.

Baden-Württemberg's strength is its high economic performance. This strong export-oriented economy invests enormous amounts in research and development as well as in innovations. Flagship branches are the technology sectors like automobile production and mechanical and electrical engineering.

A successful network of small, medium-sized and large manufacturers, closely intertwined to research facilities and production-oriented services, is the motor behind the strong economic development.

Baden-Württemberg's high quality standards are an ideal location for successful business.
