

CAPIQ ENGINEERING PVT. LTD.

MANUFACTURERS OF
HIGH PRECISION MACHINED COMPONENTS AND ASSEMBLIES

Introduction Letter

Capiq Engineering is a world-class engineering organization, primarily engaged in custom manufacturing of precision machined components and assemblies. We generally deal with relatively small metallic parts and assemblies weighing a few grams to 100 kgs.

Capiq was founded in 1991, by engineers having long experience in, reputed organizations in U.S.A. and large limited Companies in India. The basic strength of Capiq is in comprehensive capabilities in the field of manufacturing, design, Quality control and business management.

Capiq has a track record of successfully exporting approximately 95% of its total production to quality conscious, ISO 9000 American & European customers. We have also been catering to Multinational and Export oriented units in India.

Employees:

Group currently employs around 80 people including:

- 18 Engineers
- 5 Managers
- 6 Supervisors

Our Strength:

- Machining Centers with Accuracy up to 10 Microns.
- Turning Centers with Accuracy up to 10 Microns.
- Surface and Centre less Grinding with Accuracy up to 2 Microns.
- Honning with Accuracy up to 2 microns.
- Fine Hole Drilling down to 0.15mm dia in Steel at 50,000 RPM.
- We also specialize in providing complete Mechanical assembly & Sub-Assemblies containing more than 100 different parts.
- In house design and manufacture of machining & Inspection Fixtures.

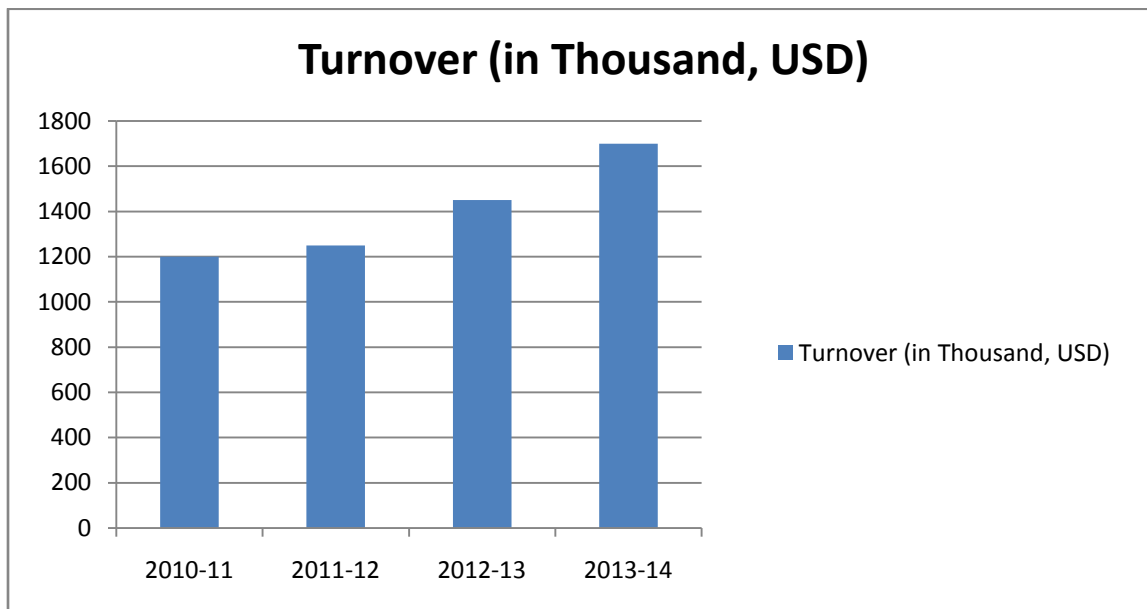

Capiq is equipped with :

- HEXAGON make CMM.
- We have simultaneous 5 Axis CNC Machining Capabilities.
- 1 Nos HAAS make VF-2 Vertical Machining Centre. (with 5 Axis)
- 2 Nos HAAS make VF-2SS Vertical Machining Centre.
- 2 Nos HAAS VF-1 Vertical Machining Centre.
- 3 Nos HAAS make SL-30 CNC Lathe (2 Turn Mill Centres & Programmable tailstock).
- 2 Nos HAAS make SL-10 CNC Lathe.
- 1 Nos HAAS TM-3 Vertical Machining Centre.
- 1 Nos HAAS TM-1 Vertical Machining Centre.
- 1 Nos BFW BMV 35 TC 20 Vertical Machining Centre.
- We Have 4 Nos of HAAS make 4 Axis attachment for our Vertical Machining Centre.

Industries we serve :

- Hydraulic & Pneumatic components.
- Medical Instrumentation.
- Flow Control.
- Paint Mixing.
- Fluid Dispensing Industries
- Vacuum Pumps.
- Semiconductor capital goods.

Sales Revenue :
