General Information

Manufacturing

Product Range

Logistics

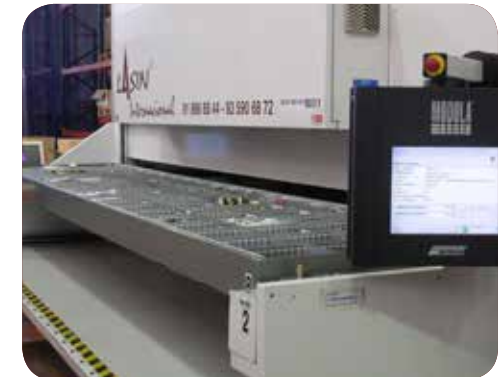

Services

We are one of the biggest manufacturers and distributors

in the world with clients in 88 countries

- DICSA group has one of the *largest and most assorted stocks* in Europe.
- We have a *wide range of products* introduced in a simple way.
- Our highly qualified team works with a *powerful software* and can assist you with any kind of enquiry in several languages

Member of the Association for Hose and Accessories Distribution (NAHAD)

Member of the Spanish Association for Exporters of Fluid Handling Equipment (FLUIDEX).

Member of the Iberian Association of Oleohydraulic and Pneumatic Transmitters Manufacturers (AIFTOP)

Member of the Spanish Association for Manufacturers of Construction, Infrastructure and Mining Machinery (ANMOPYC)

Manufacturing

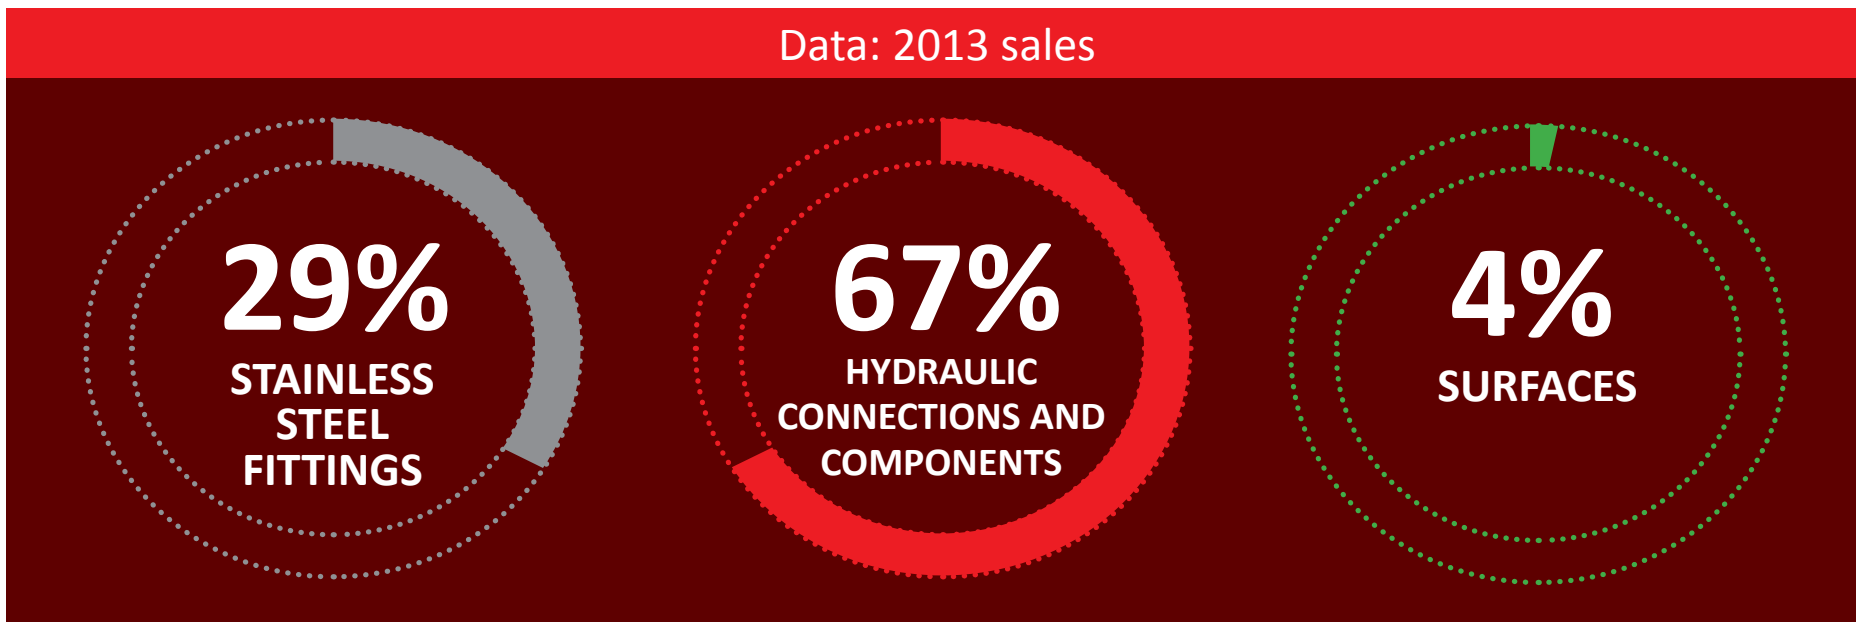

**STAINLESS
STEEL FITTINGS
(AISI316L)**

Manufacturing & Distribution

**HYDRAULIC
CONNECTIONS AND
COMPONENTS**

Distribution

SURFACES

MANUFACTURING

STAINLESS STEEL AISI 316L

One of the biggest manufacturers worldwide

In-house design

Comprehensive production plan

Analysis and control of raw material

Continuous quality control – 100% traceability

Modern technology: high quality of the mechanization process

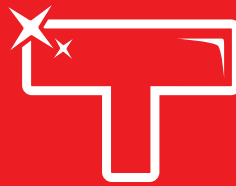

Static and dynamic test benches

High technology for dimensional control– 3D CNC Venture

Our production process includes:

CLEANING

POLISHING

TRACEABILITY CODE MARKING

(every item has its own code)

STORAGE LOCATION

Our equipment guarantees an excellent quality:

Computer Numerical Controlled Machines

Post-production protocols:
elbow bending, marking, nut
pressing, assembly of cutting
rings and nuts (DIN 2353)

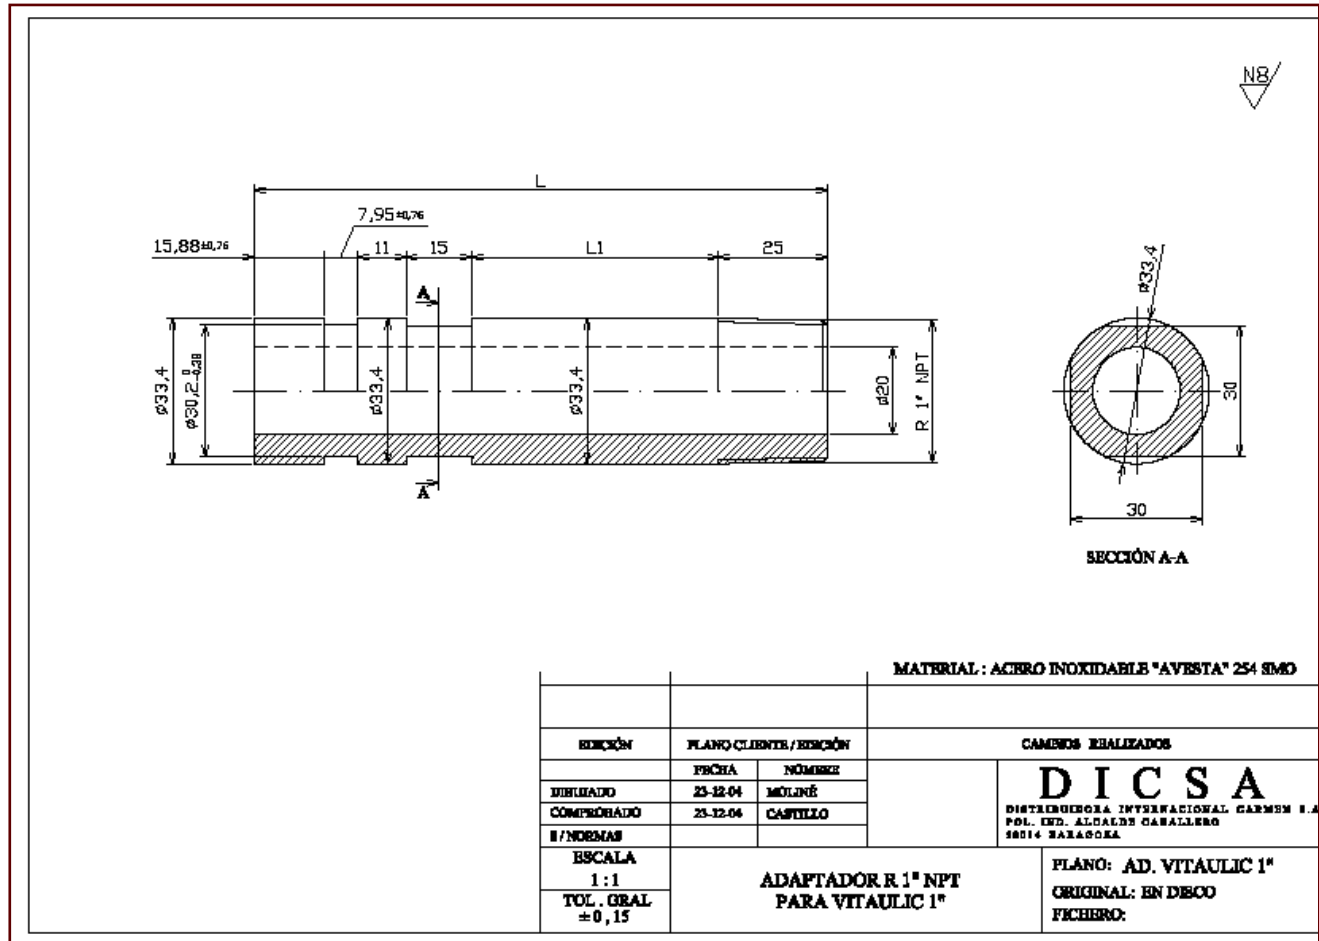

Transfer high-production capacity machines

On-demand items

we can manufacture special items from technical drawings in stainless steel or other material – duplex, superduplex, AISI 304...

PRODUCTS RANGE

STAINLESS STEEL FITTINGS

HYDRAULIC HOSES AND FITTINGS

HYDRAULIC COMPONENTS

SURFACES

AISI 316L

Racores Inoxidable

Raccords en Acier Inox

Stainless Steel Fittings

Raccordi en Acciaio Inossidabile

Hose fittings – standard series

Fittings and ferrules
(BSP, NPT, metric, JIC, ORFS...)

One-piece fittings:
43 series for 1 and 2 braids;
BW series for 4 braids – no skiving;
PTFE series and thermoplastic

Interlock Series
(BSP, NPT, metric, JIC, ORFS...)

Reusable fittings and push-on fittings

Pipe fittings

DIN fittings and clamps

JIC 37° fittings

SAE flanges

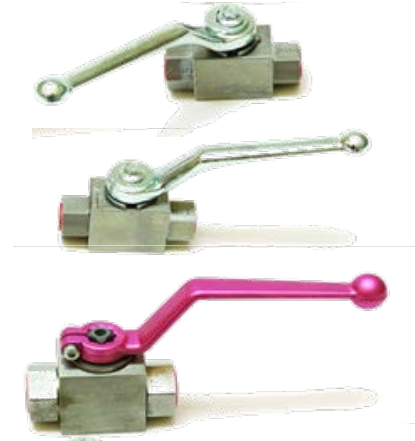

Accessories

**Adapters
(BSP, NPT, BSPT,
ORFS...)**

**Quick-release
couplings**

Ball valves

Bonded seals

Racores industriales

Camlocks

Food industry

Low-pressure fittings(150 Lbs.)

Welding fittings for corrugated stainless steel hose

Conducciones Hidráulicas y Neumáticas

Connectique Hydraulique et Pneumatique

Hydraulic and Pneumatic Connectors

Conduiture Idrauliche e Pneumatiche

Hydraulic hoses

Hydraulic hoses, thermoplastic and Teflon hoses, steel fittings, low pressure hose and fittings, air conditioning, metrology, machines for hose handling.

Pipe

Rigid pipe, DIN 2353 fittings, gas pipe fittings, SAE flanges, clamps and machines for pipe handling.

Accessories

Adapters, ORFS, quick-release couplings, ball valves and hose protection

Pneumatics

Hoses and springs, fittings, quick-release couplings, industrial items and cylinders.

Componentes hidráulicos y neumáticos

Hydraulic and pneumatic components

Composants hydrauliques et pneumatiques

Hydraulic components

Oleo-hydraulic components – tanks and accessories, filters, bellhousings and couplings, pumps and flow dividers, electrical motors, mini power pumps, valves, hydraulic directional control valves, subplates, joysticks and directional valves, vacuum and heating interchangers, cylinders and more.

TrAle®

TRALE connectors and components, new product line.

Pneumatic components

Accessories, valves and cylinders

Official distributor

Big stock
Technical assistance - Workshop

WAREHOUSE AND LOGISTICS

3 DISTRIBUTION CENTERS

ZARAGOZA

Zaragoza: 15,000 sqm warehouse

MÓDENA

Modena: 1,500 sqm warehouse

SHANGHAI

Shanghai: 1,000 sqm warehouse

**Very short delivery times: daily shipment and 24 hour shipment.
We can send from one item to full containers.**

AUTOMATIC STOCK SYSTEM TO EASE THE PRODUCT DISTRIBUTION

Packaging

Shipping area

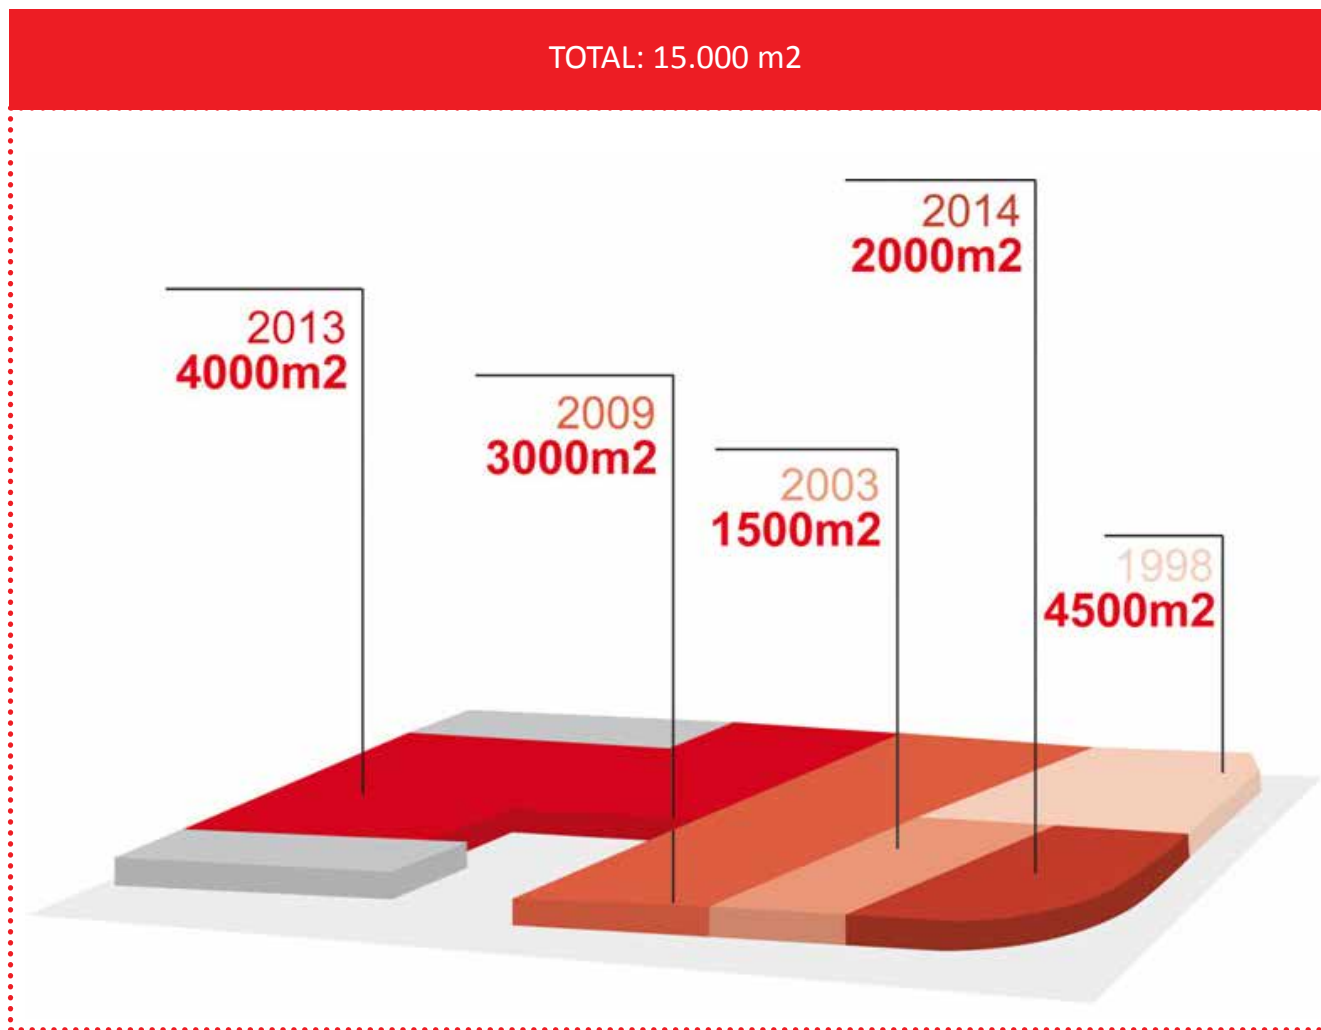

Every line of the order, every partial order and every location within the warehouse is always linked to a bar code.

Radio-frequency location system

Stock value:
14 million Euros of which 5 million is in stainless steel

Our quality department guarantees that all our products fulfill the quality standards.

TRACEABILITY AND VALIDATION

Traceability during the whole process, from raw material to final item delivered to client (stainless steel). Validation of all new products and suppliers.

CERTIFICATES

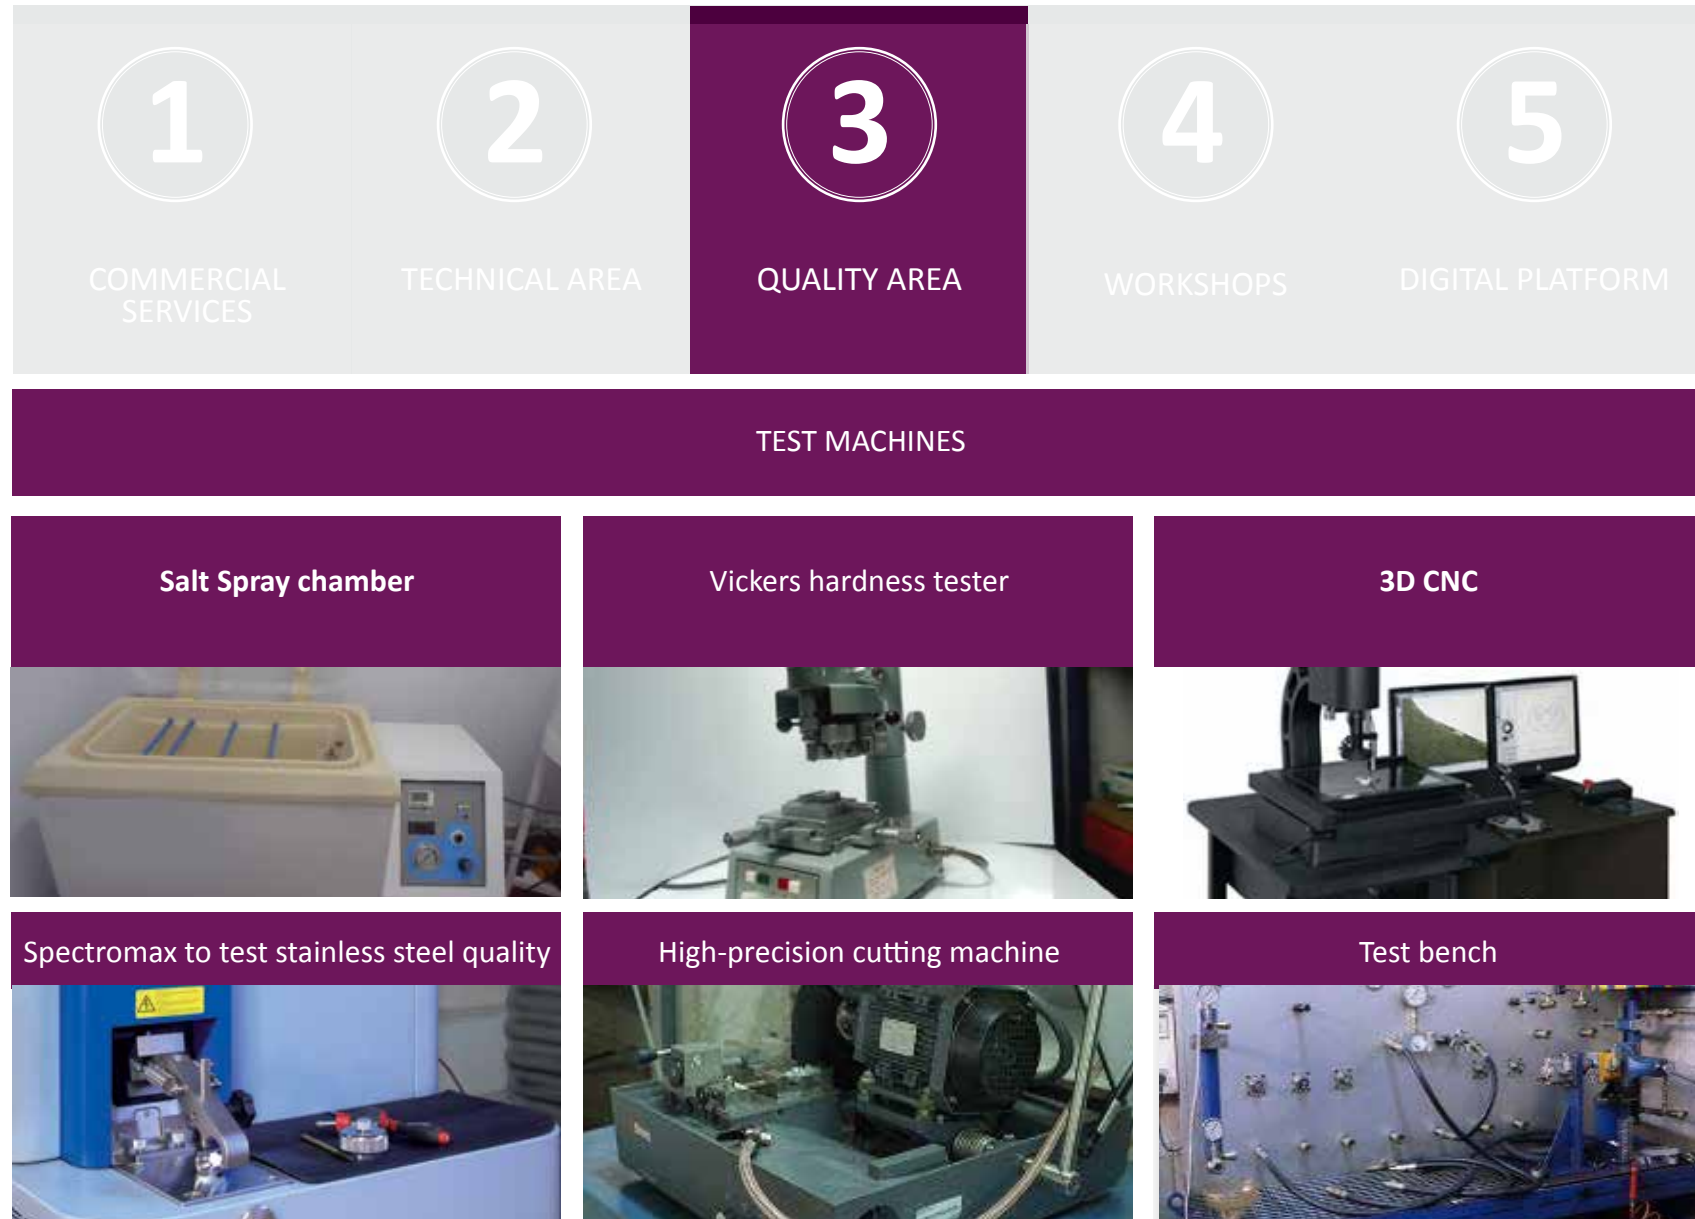

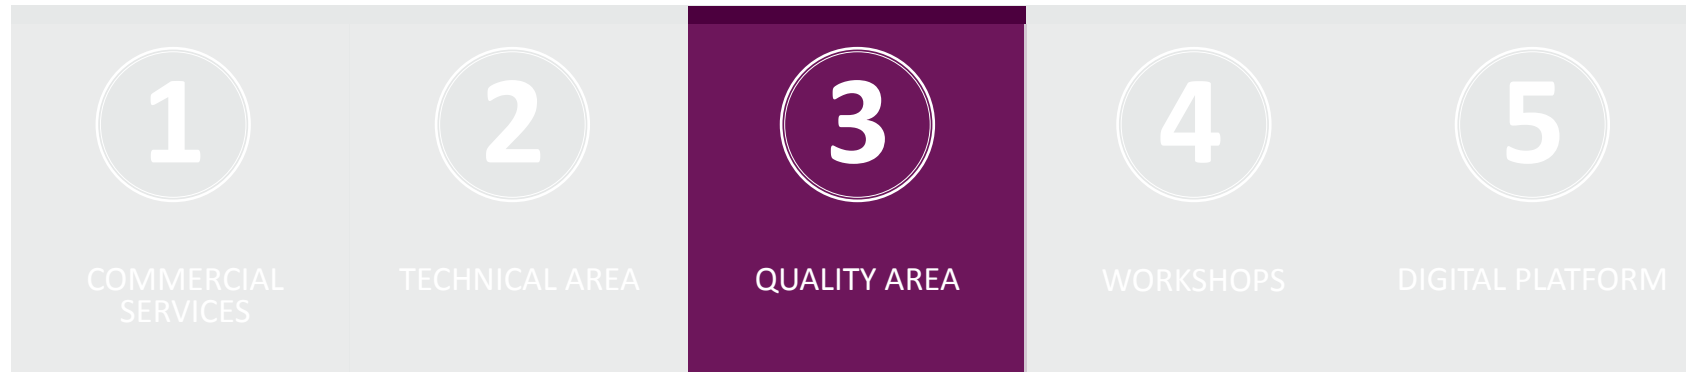

ISO 9001:2008
Conformity Certificate EN 10204 2.1
Material Certificate EN 10204 3.1

TESTS

Test for hoses (air, 5 bar)
Static test for hoses: working pressure or specific test (water, room temperature)
Dynamic impulse test
Compatibility test for hose, ferrule and fitting

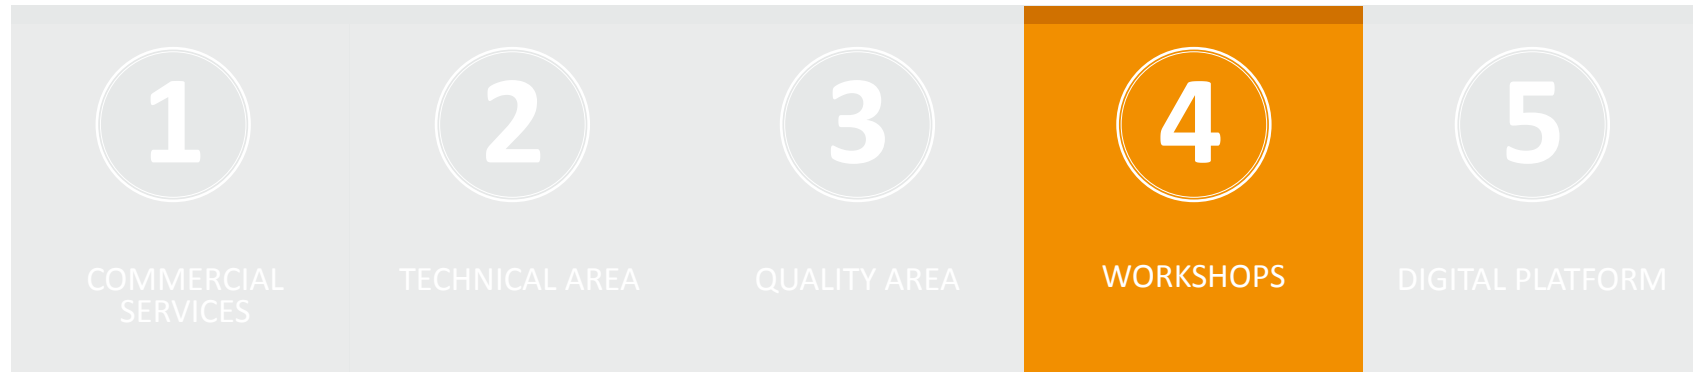

NEW BI703 FLEX TEST BENCH

BI703 FLEX is a machine for impulse test of hydraulic rubber flexible hoses, static or with flexion or rotation according to the following standards:

- Square impulse waves: SAE J343 - ISO 6803 - ISO 6605
- Impulses with peak waves: ISO 6772
- Impulse wave with bended hose: ISO8032 (half omega)
- Impulse wave with bended hose: SAEJ1405 - ISO 6802 (omega)
- Free programmable wave, up to 20 points

WE HAVE 4 SUPPLEMENTARY WOKSHOPS:

HOSE ASSEMBLY AND
OEM KITS

WELDING WORKSHOP

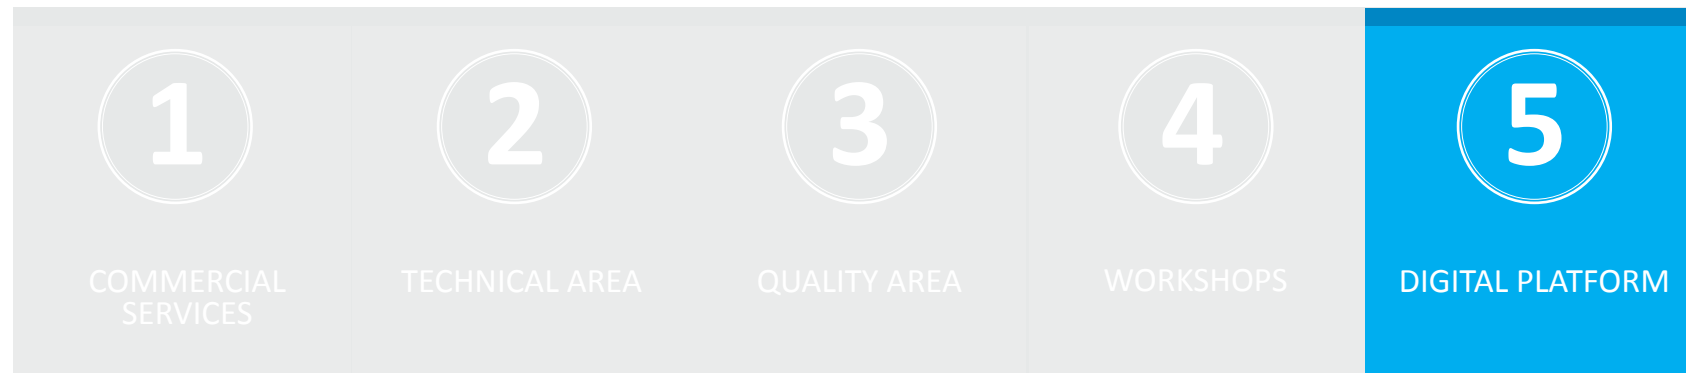

PIPE WORKSHOP

HYDRAULIC WORKSHOP
