

# GBE DATA SHEET

## WHAT WE DO

*We manufacture the highest quality  
transformers and reactors.  
Dry and oil filled.  
Standard or tailored for all applications*

## WHO WE ARE

*20.000m<sup>2</sup> of total production area  
3 workshops:  
Oil transformers, Dry transformers  
and Steelwork plants  
150 skilled workers  
3 state of the art testing labs*

## WHERE WE ARE

*Our Headquarter and workshops are  
in Northern Italy.  
Our units are transforming energy  
all around the world*

## OUR VISION

*We deliver worldwide technology and  
know-how tailored to fit your business  
and be your most reliable partner*

# TRANSFORMERS & REACTORS

## OIL FILLED & DRY TYPE

### DRY TYPE TRANSFORMERS

*Cast Resin or Vacuum  
Impregnated  
Standard distribution or  
tailored for all applications*

### OIL FILLED TRANSFORMERS

*Hermetically sealed, free  
breathing or special design  
Standard distribution or  
tailored for all applications*

### POWER TRANSFORMERS

*Cast Resin – up to 30MVA,  
52kV (BIL250)  
Oil filled – up to 50MVA,  
145kV (BIL 650)*

### REACTORS

*Dry type or Oil filled  
for several applications:  
Filters, Shunt,  
Short circuit, Earthing,  
Smoothing and other  
specific needs*
