- compact
- low maintenance

economic - compact - low maintenance

- for dynamic compressive and tensile loads up to 25.000 N
- also for stroke speeds of more than 100 mm/s

INKOMA-LA-linear actuators complement the already comprehensive range of INKOMA-GROUP screw jacks.

The compact design, consisting of housing, motor and guide tube meets industry requirements for an easy to install, compact, robust and maintenance free unit.

The range of INKOMA-LA-linear actuators includes versions for dynamic loads, both tensile and compressive, of 3.000 to 25.000 N.

INKOMA-LA-linear actuators can be used at stroke speeds of more than 100 mm/s.

We are accredited
