

## NEW S SERIES CONNECTOR

### The S series available with new design

This product is a new design of the S series. It offers a new outershell design with LEMO's famous chocolate bar shape.

The product uses the S series half-moon inserts and is fully compatible with the existing S series sockets on the market. Both straight plug and free socket use the collet of the B series, offering a slightly different cable

range than the existing S series. Finally the product is available in 0S, 1S and 2S size connector for cables ranging from 1.4 mm to 9.9 mm and from 2 to 10 contacts.

The product is IP 50. For full insulator configuration availability please refer to LEMO's unipole-multipole connector range.
