- Universal compatibility
- UL and TSE approvals
- Comply with 2006/95/EC
- Wide range of accessories
- PG, METRIC, NPT thread options

- 4 to 48 Poles & 10 to 80 Ampere
- Silver plated contacts, made in Germany
- Guided inserts
- Die cast aluminium enclosures
- IP 65 protection degree for coupled connectors
- Captive screws with anti-loosening flexible washers

- Wide product range
 - Made in Austria
- For extreme environments
 - According to IEC 60309-2
- IP 44 and IP 67 protection in accordance with EN60529 European Norm
- IK 08, IK 09 and IK 10 mechanical impact degree in accordance with EN50102 European Norm

- Various voltages and frequencies
- 16 to 125 Ampere
- Copper-zinc alloy contacts
- Screw or Screwless connection
- Special design self-cleaning one piece contacts
- Easy, quick and safe cable connection
- Twist cable gland
- Reliable closing mechanism

- Various sizes
- Formed in place foam gasketing (PU)
 - Flexible durable raw material
 - IP 66 / IP 67 Protection degree
- Durable against heat and shocks
 - Inox & captive screws
 - Durable fixing devices
- Wide interior space makes connection easier
- Mounting brackets keep IP67 protection degree
