To purchasing department

With this brochure we are pleased to bring to your kind attention a short presentation of our company.

We are manufacturer of cylinders and motors since 40 years. During this time we are gained experience in earthmoving, offshore, industrial and marine.

We are specialized in machining of boring and honing hot-rolled mechanical tubing from 40 mm. diameter to 600 mm. diameter.

The company is ISO 9001 certified RINA s.p.a., Italian Shipping Register.

We enclose a brochure of our products you can also view on our website www.oleomeccanicalosi.it

At your disposal for any further information. Thank you for your attention.
