Arntz Optibelt Group, Höxter

Passion meets precision

The Arntz Optibelt Group is one of the leading global producers of high-performance drive belts and develops sophisticated drive solutions for customers all over the world. The family-run company offers state-of-the-art technology and quality in the form of industry-specific products.

The Optibelt company manufactures a wide variety of drive belts, drawing on more than 145 years of experience of working with rubber. Eight production facilities in six countries and worldwide sales offices provide a successful platform for the Group's international activities.

More than 2,300 employees on five continents belong to the Arntz Optibelt family and ensure that everything runs smoothly, both with respect to production and company organisation.

More than 25,000 belt models are permanently available and can be shipped within 24 hours.
