

HYDRAULIC CYLINDERS

We offer production of standard hydraulic cylinders, manufactured on the basis of our catalogue cards, and special versions, based on Customer's requirements or supplied documentation.

The cylinders are suitable for work with hydraulic oil or other media. Our cylinders undergo strict quality tests in compliance with ISO on special testing rigs, which guarantees top quality of our products.

The Company also provides warranty and post-warranty service and also spare parts delivery.

SCOPE OF TECHNICAL CAPABILITIES

OF HYDRAULIC CYLINDERS PRODUCTION

| piston diameter [mm] | piston rod diameter [mm] | max. stroke [mm] |
|----------------------|--------------------------|------------------|
| 20 | 12/14 | 300 |
| 25 | 18 | 300 |
| 32 | 22 | 400 |
| 40 | 22 | 400 |
| 50 | 28 | 500 |
| 63 | 36 | 630 |
| 80 | 45 | 800 |
| 100 | 56 | 1000 |
| 125 | 70 | 1250 |
| 140 | 80 | 1400 |
| 160 | 90 | 1600 |
| 180 | 110 | 1800 |
| | 125 | |
| 200 | 110 | 2000 |
| | 125 | |
| | 130 | |
| 220 | 130 | 2200 |
| 250 | 130 | |
