Employees

Who we are

simply us

The Vitillo Group was established in 1991.

Thanks to the Vitillo families' enterprise and passion, Vitillo is now a leader in the hydraulic market. Our ability to accommodate our customers' unique requests enables Vitillo to truly offer a complete solution to each of our customers. Solutions include, production and distribution of fittings, adapters, rigid or flexible hose for high and medium pressure fluids.

Present worldwide, Vitillo's strongpoint is the depth and completeness of its product range.

The Mission

We feel better under pressure

It's not only a
wordplay,
nor a simple
slogan.
It is our
company
philosophy.

It's not only a wordplay, nor a simple slogan.
It is our company philosophy.

We have the experience and necessary skills to face the challenges of globalization and we are deeply convinced that when faced with difficulty the best in each of us emerges. As our products, we are also feel comfortable in every conditions.

Our goal is to be a reliable partner to our customers offering continuous and constant support. Ultimately, our efforts result in our customer's success and to us that is the best gratification.

Values and Strategy

We invest in quality and technology
We look after our customers
We grow with our values

Quality and innovation

Important investments are made in R & D and to insure optimization of the production process. This insures we are anticipating and satisfying market demands and can guarantee high quality products.

Human Resources

One of our strong suits at Vitillo is our loyal and skilled team who have contributed to the creation of the Vitillo philosophy. For this reason, Vitillo group gives all of our employees learning and personal growth opportunities.

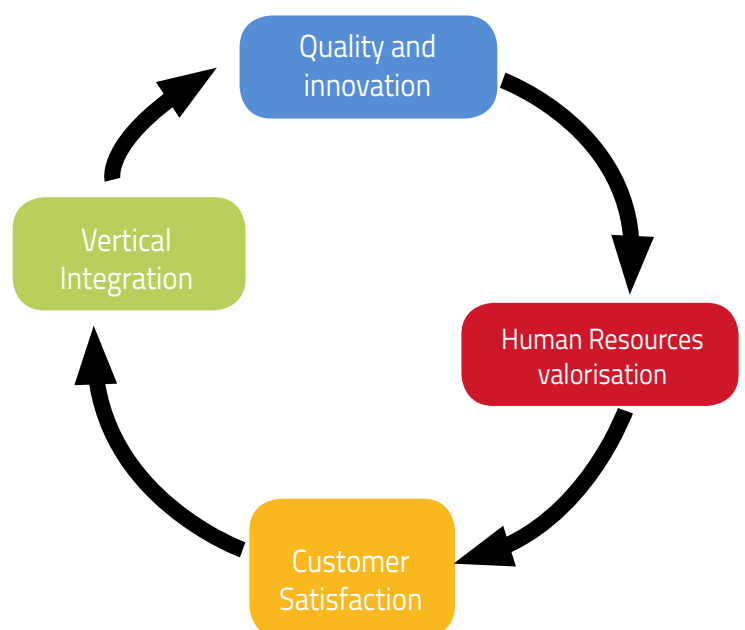

Customer Satisfaction

The customer is at the center of our Philosophy. Each of us are committed to constantly guarantee the best possible response to the market and to the customer.

Vertical Integration

A complete range of products and direct control of each phase of production: these are the strong points that have made the group a leader in this sector. Vitillo has a far sighted vertical integration strategy.

Our business model is based on four key points

Products

BSP ADAPTERS
