# Company profile

## Customized solutions for metering and process technology

Driven by our commitment, our trendsetting products and innovative technologies have set benchmarks for diaphragm pumps and metering systems for over 60 years.

We solve complex tasks from a single source. That ranges from custom pump design, basic and system engineering, global project management, and pretesting to commissioning and maintenance on site. With our consistent will always to develop the best solutions for the customer, we offer you a competitive advantage and visible added value.

### Products:

- Diaphragm metering pumps
- Process pumps
- Systems, packages and production units
- System components
- Partner products
- Services for the entire lifecycle

### Technologies:

- Hermetically sealed and reliable metering pumps featuring PTFE diaphragms, highly precise metering and the capability for very high pressure
- LEWA DPS (Diaphragm Protection System) for highest safety

### Knowledge transfer:

- LEWA Academy (Employee and customer trainings)
- Partnership with research institutions and universities
- Involved in drafting industry directives

### Areas of expertise:

### LEWA-Facts

Company executives: Peter Wagner (CEO) Dr.-Ing. Martin Fiedler Stefan Glasmeyer Hisanao Amino
Founded: 1952
Headquarters: Leonberg, Region Stuttgart, Germany
14 subsidiaries worldwide, represented in more than 80 countries
Employees: 1,100 worldwide
Turnover in 2015: approx. 224 million Euros in sales
LEWA GmbH is certified in accordance with: DIN EN ISO 9001, 14001 · GOST R · AEO-C · OHSAS 18001:2007
Pump design in accordance with: API 674 · API 675 · 94/9 EG (ATEX)
Certified for nuclear plants in accordance with KTA 1401
Hygiene certifications: EHEDG · FDA · QHD
Memberships: VDMA · Europump · Hydraulic Institute · ISPE · EHEDG
