THE TRADERS PLATFORM FOR LOCAL OFFERS

Can the Internet be used to vitalize the retail sector? Yes it can – with Cross Market Places! By using our innovative Web-based B2B infrastructure software, retailers get the possibility to create spontaneous offers for other retailers, as well as selling products or services of other retailers.

THE PLATFORM

- + Create, find or combine local B2B offers quickly and easily online
- + Overall voucher-system
- + Cooperation without contracts thanks to automated settlement of all payment processes

OFFER RANGES

- + Product ranges of any categories
- + Reservation requiring services
- + Money coupons and discount promotions
- + Pay-per-use

THE ADVANTAGES

- + Attractive packages at the point of sale
- + A strong alternative to the E-commerce channel
- + Win-win-win situation for cities, merchants and consumers
