ABOUT THE GROUP

MTG incorporates Bulgarian companies in the metal processing industry specialized in:

- Low pressure and gas counter pressure die casting of AlSi based alloys
 - Mould sand casting of grey and ductile cast iron
 - Centrifugal casting of high alloyed Cr-Ni based steel and alloyed cast iron
-

Together with the casting capabilities in our member companies we can offer you the following additional services IN-HOUSE:

- Market Research
- R&D
- Project Management
- Tooling Design & Manufacturing (Mould, Die & Fixture)
- Core Making
- Casting & Solidification Simulation
- Casting Optimization
- Shot Blasting

- Machining
- Precise CMM Measurement
- Cleaning
- Washing
- Heat –Treatment
- Physico-mechanical Properties Testing
- Trovalization
- Pressure Test
- Engraving
- Painting
- Assembling
- Welding
- Packaging
- Transport Arrangement
