

Linz Center of Mechatronics GmbH

- Electronic drive technology and power electronics
- Hydraulic drive technology, digital control valves, technology
- Simulation processes and systems
- Control engineering
- Active and passive absorption of vibration and sound
- Sensor technology, virtual sensors, wireless communication, localisation techniques
- Early detection of faults in machines and equipment
- Software development
- Development of complete equipment

Dipl.-HTL-Ing. Manfred Reiter, MBA | Linz [Center](#) of Mechatronics GmbH | Science Park | Altenberger
Straße 69 | 4040 Linz | Austria | T +43 732 2468-6006 | manfred.reiter@lcm.at | www.lcm.at
