# About Us

KG Bearing India is a fast growing company based in India. It was setup by a team of professionals with over 40 years of experience in bearings industry. We pride ourselves in sharing the product knowledge, application expertise and consistently dependable service that our customers have come to expect.

KZ bearings are manufactured as per ISO/DIN/ANSI International standards under our quality control systems. The bearings are tested and exported complying with customer needs.

## **Core Values**

- Customer-centric
- Innovation
- Integrity and ethics
- Teamwork
- Growth and learning

## **Company Mission**

To help customers by sharing our knowledge and experience in bearings industry and provide them reliable bearings at an economical price.

## **Company Vision**

To deliver best quality bearings at an affordable price worldwide.

# Quality Standards

**KG BEARING INDIA** is an ISO 9001:2015 Certified company. We have well established quality control laboratories that control the following parameters with the help of advanced instruments:

- Dimensional tolerance
- Run out and geometrical tolerance
- Radial clearance
- Axial clearance
- Noise of bearings
- Vibration of bearings
- Roughness checking
- Roundness checking
- Hardness checking with portable tester

## QUALITY POLICY

Our Quality Policy focuses on increasing customer satisfaction through:

- Strategic management of our Organization.
- Consistently meeting customer requirement.
- Continuous improvement of our processes.

## QUALITY OBJECTIVES

Our quality objectives are to:

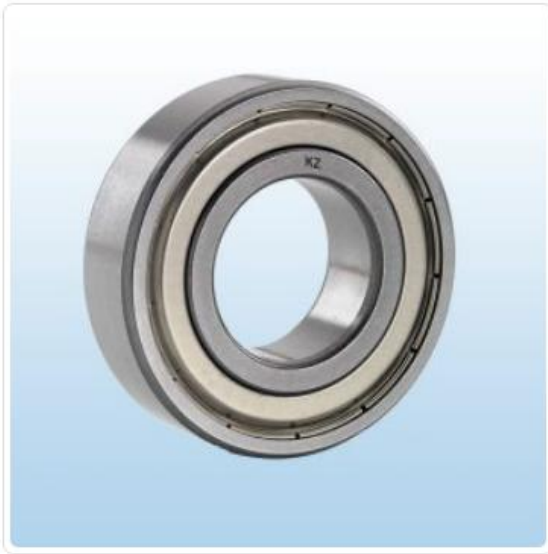

- Maintain improving trends of customer satisfaction.
- Continual improvement of quality control and quality assurance system.
- Continual improvement in 'on-time delivery' of products, as per customer requirements.
