

Kuhnke Vico 1500 Touch Display

Kuhnke Vico is a control and display monitor with a high-quality and long-life TFT display backlit by LEDs for industrial applications. Image information is exchanged through the unit's digital DVI port. Touch screen input is transferred via USB.

A seamless sealing film protects its front against dust, dirt and spray water in conformity with IP 65. The units' extended temperature range gives operators a plus in safety.

Features

- DVI video port
- 15" touch screen
- LED backlighting
- Seamless front panel
- Integrated USB hub
- IP 65 front panel
