- Find diverse partners in one place
- Less travel time spent to find business partners

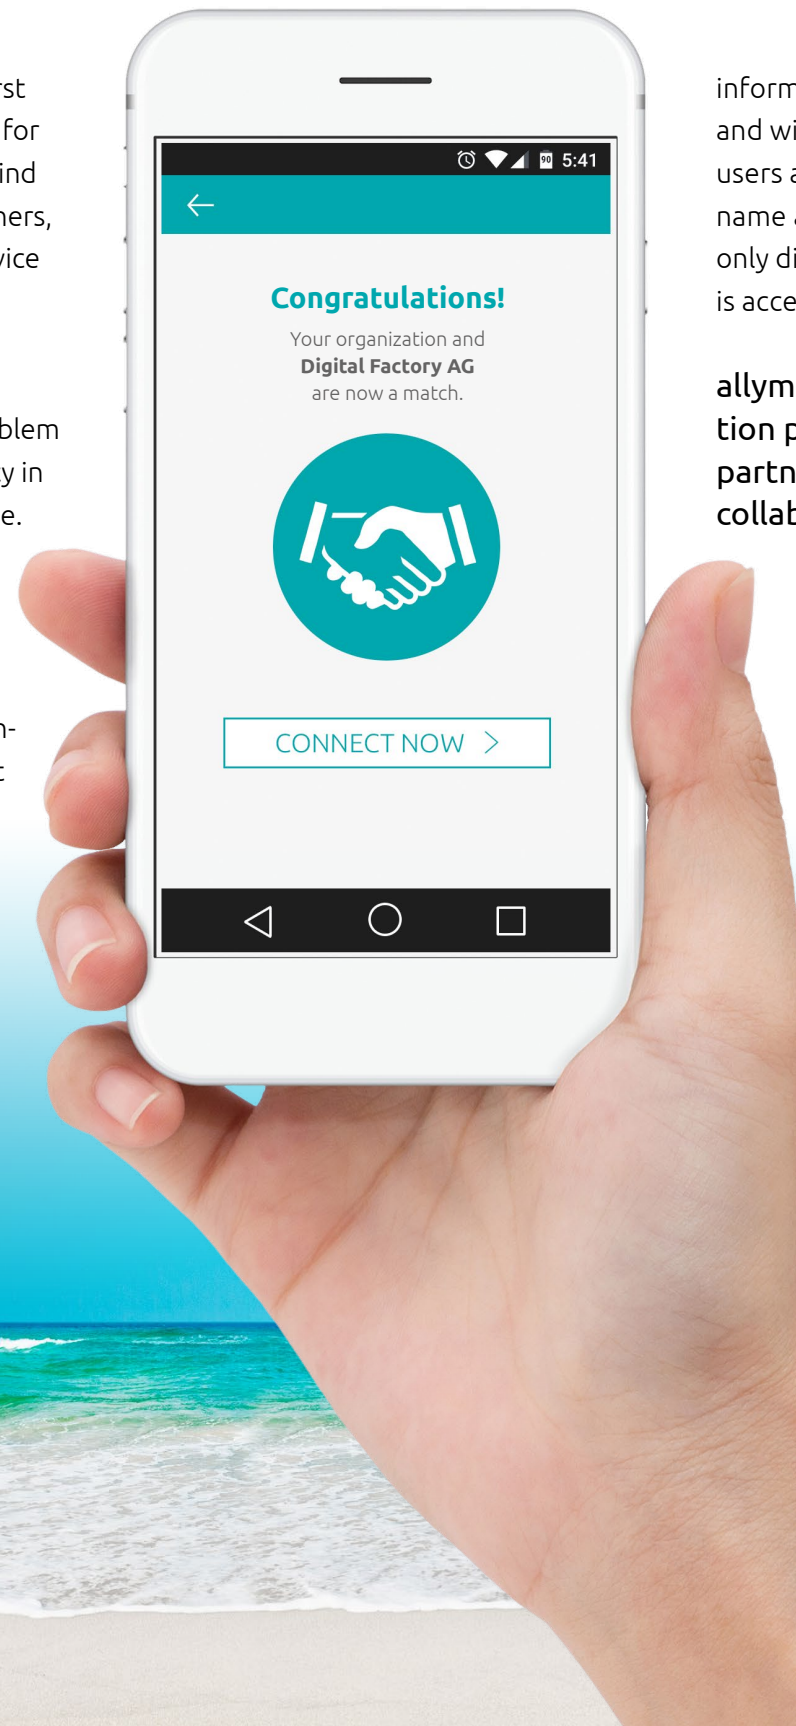

... finding international partners instantly, anytime, anywhere?

Welcome to the sunny island of innovation!

allymatch is the world's first digital matching platform for innovative companies to find R&D and investment partners, suppliers, buyers, and service providers globally.

allymatch brings a digital solution to an age old problem enabling speed and privacy in ways never before possible.

Verified users are matched instantly based on inquiries that can be created in a matter of minutes. Profiles and product

information are confidential and will only be shown if users are matched. Company name and user details are only displayed once the match is accepted by both.

allymatch makes innovation possible by bringing partners together for collaboration.

A smarter way to match

With intelligent algorithms and high quality users, find your match from the the comfort of your own smart phone for a fraction of the time and cost of other B2B services. Just sit back and relax, allymatch will do the work for you.

Imagine watching your business grow by ...

- Finding international partnerships easily
- Unfolding your full innovation potential
- Focusing on your core business

Rethink the way you find your international business partners and spend more time on what matters.
