

**VALUE ADDED RESELLER &
SYSTEM INTEGRATOR**

About Brilyan

Brilyan Trimatra Utama was founded in 2001 upon the dream of providing efficient technology-based solutions that empowers people, organisations, and the industry in which the solutions are implemented.

Positioned strategically on one of the most developed satellite city of Jakarta, Brilyan also has branch offices located in several key cities of Indonesia namely Bandung, Surabaya, Bali, Medan and Makassar. In addition, Brilyan also has four Overseas Marketing Representative Office di USA, Malaysia, Brunei Darussalam, and Thailand.

Our focus is to provide you with the solution that will answer your problems in the most efficient way, one that also accentuates your identity as people, organisation, or industry and is in accordance to your strengths.

Vision

Empower people, knowledge, and technology to challenge and compete in global market.

Mission

Provide solution that is of good quality, committed to schedule and financially feasible.

┌ **KNOW YOUR PARTNER.
THERE'S ONLY A SLIM MARGIN
BETWEEN SUCCESS AND FAILURE.**

Why Brilyan ?

Trust, Experience, and Expertise.
That is what we offer you.
This is the holy trinity that we hold
in high regard.

We are different.

Our team is a "family" that is supervised and guided by experienced battle-tested mentors and driven by the ever-lively young professionals with high motivation. We are bonded together by the spirit to move forward that fosters collaborations and value your satisfaction highly.

TRUST

Every project is a trust placed upon us to do our best and provide you the most efficient solution. We always start by listening to you and making sure that the most important factors to help you are noted.

EXPERIENCE

With experience, we learn to understand that every solution must be comprehensive and has room to grow so that it may provide you solution for future problems.

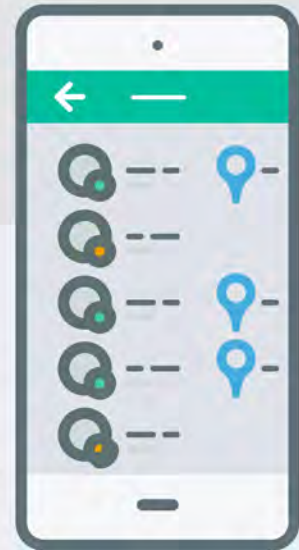

EXPERTISE

Our expertise gives us the ideas we need to provide you with the best approach to your solutions, along with the best and most innovative solution. We are committed to achieve the highest level of quality we can achieve by effectively allocating important resources and efficiently managing our work to ensure that we complete the job according to schedule.

Business Cores Mobile Workforce Enhancement

Brilyan's Mobile Workforce Enhancement offer a variety of products and solutions to tackle your problems in maximising your workforce's potential.

Our workforce solution is mobile-based and androgynous, meaning that it can be implemented onto Android and iOS easily. Our solution is flexible in terms of how the elements within the system communicate; it is able to be deployed in standard mobile network/wireless or local network of your own choosing, even a hybrid combination of the two.
