

One-handed clamps

One-handed clamping

Working alone and need another hand?

This extremely sturdy original BESSEY one-handed clamp EHZ is perfect for all work that needs to be carried out with one hand – e.g. for overhead tasks, or if a further tool needs to be used at the same time for aligning purposes. The BESSEY EHZ one-handed

clamp enables you to hold or fix in place with just one hand. It also allows you to clamp just as powerfully as ever. The DuoKlamm allows you to switch from clamping to spreading at any time – all with one hand. That means you save both manpower and valuable time!

The one-handed clamp EHZ – the only with up to 3,500 N clamping power.

The one-handed clamps EZS and DUO – strong clamping and spreading easily with just one hand.

One-handed clamps

Your benefits at a glance:

- 1 Parallel handle with pump lever**
The ergonomically shaped handle with pump lever runs parallel to the rail. That way, balanced, safe handling is always guaranteed.
- 2 Rapid move button**
This button allows you to move the sliding arm at any time, quickly and with minimum effort.
- 3 Plastic pressure caps**
The removable plastic caps provide a non-marring soft touch for use with wood and finished metal surfaces.
- 4 Versatility**
Fixed arm and pressure plate are produced and tempered from a single piece of high quality BESSEY steel. Clamping is resilient and elastic.
