

A photograph of a modern, custom-built wooden wardrobe. The wardrobe features a mix of light and dark wood finishes. On the left, a door is open, revealing the interior shelves. The main body of the wardrobe consists of several open shelves and a set of four drawers with dark handles. The floor is made of wide, dark wood planks. The lighting is warm and focused on the wardrobe.

DP - Saw blades for panel cutting

Premium lifetime

DP tips for exceptionally longer lifetime.
The Polycrystalline Diamond tips are combined with a dedicated grinding type, specific for each tool application. Only this combination can offer premium finishing, on single and stacked panels.

Stability for perfect cuts.
The specially designed slots, applied by laser cutting, considerably reduce vibration, allowing the blade to remain stable during rotation. The optimized blade achieves excellent cuts.
