**WOODWORKING ADHESIVES**

# Rakoll® 5728

### CONNECT YOUR BUSINESS WITH A COMPETITIVE EDGE

To bring in-demand products to market, you need a partner with technical expertise that understands today's challenging woodworking industry. You need a partner that can help you deliver the products your customers want and provide the valuable support your business needs. We tailor our product and process innovations to meet our customers' critical needs, such as lowering cost in use, and increasing efficiency and production output. Our problem solving-power can add measurable value to your woodworking product.

Rakoll 5728 is a polyolefin based hot melt adhesive for straight edge banding applications. It is suitable for typical edgebanding materials, such as ABS, PVC, melamine and veneer edges.

### FINAL PRODUCT QUALITY

- Delivers higher heat and water resistance compared to conventional EVA edgebanding adhesives
- Suitable for high tensioned substrates
- Delivers good product finishing through thin glue line

### PRODUCTION EFFICIENCIES

- Easy application with nozzle or roller application systems
- Low stringing properties deliver clean and efficient processing
- Higher thermal stability reduces maintenance downtimes and associated costs caused by char building in the melting equipment
- The product is blockage free (no residual tack at room temperature), which makes it suitable for pneumatic feeding systems

### ABOUT H.B. FULLER COMPANY

For over 125 years, H.B. Fuller has been a leading global adhesives provider focusing on perfecting adhesives, sealants and other specialty chemical products to improve products and lives. H.B. Fuller's commitment to innovation brings together people, products and processes that answer and solve some of the world's biggest adhesion challenges. Our reliable, responsive service creates lasting, rewarding connections with customers in packaging, hygiene, general assembly, electronic and assembly materials, paper converting, woodworking, construction, automotive and consumer businesses. And our promise to our people connects them with opportunities to innovate and thrive.
