

# METRON 05 CO

Version10/15

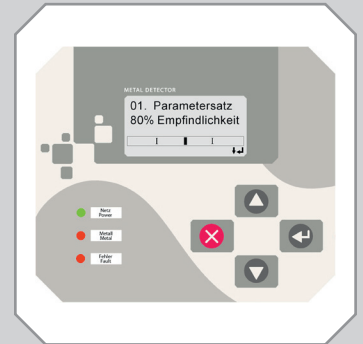

Metal detector for installation in belt conveyors for timber/log inspection

- **Reliable** - in Process and Detection
- **Durable** - in Technology and Performance
- **Easy** - in Installation and Handling

## In a few words:

- Digital signal processing for best detection
- Proven for years in rough environments
- Process- and condition monitoring
- Failsafe storage of all system parameters
- Robust stainless steel construction
- Maintenance free, long-term operation
- Size variations for different areas of use
- Perfect fit for wood inspection
- Octagonal shape to align with the conveyor
