Laqvin Hydro Protector

Coating with extremely water repellent properties - imperceptible protection

Wooden components exposed to harsh weather conditions need a long-lasting protection.

Laqvin Hydro Protector is a new extra-hydrophobic water-based coating solution from Sherwin-Williams, that gives you a transparent protection.

Laqvin Hydro Protector is highly water-repellent, has good water vapour permeability and good wet-on-wet adhesion properties. Laqvin Hydro Protector is also re-coatable with itself.

The binder system in the product is especially designed to ensure lasting properties.

Laqvin Hydro Protector is suitable for use on various types of wood as well as for non-wood surfaces such as stone and masonry. The product is both suited for vertical and inclined surfaces, and because of its water-repellent properties any water that hits the surface will run off easily.

Product description and specifications

Drying: 2 hours

Drying between layers: 1 hour

Colour: Transparent, ready for use

Product types: Facade coverings, wood structures, porches, outdoor furniture

Substrates: Softwood and hardwood.

Also suitable for application on stone and masonry

Application: Brush, roller, spray, low-pressure spray, brush machine and dipping

Technical properties

- Water repellent
- Recoatable
- Low gloss
- Easy to apply
- Very good adhesion
- Waterborne

Benefits

- Highly water resistant
- Natural effect and high transparency
- Economic treatment and application
- Easy to maintain
- Suitable for high industrial use
- Can also be used on stony surfaces and concrete.

Since 1866, Sherwin-Williams has provided manufacturers and finishers with the coatings they need to make their products look better and last longer, while helping their operations meet productivity and sustainability goals. For both wood and general industrial markets, our innovative solutions go beyond coatings to include knowledge, tools, equipment, supplies, and industry-leading support.

We're more than a coatings provider – we are Your Coating Solutions Partner.
