COMPANY EXPERIENCE AND PASSION

The Love for mechanics and the desire to constantly exceed one's limits, pushed Davide Valtorta to give life, in 2002, to the company that today specializes in finishing systems.

DESIGN INNOVATION AND TECHNOLOGY

The continuous search for optimal solutions together with a great deal of experience, allows the construction of State-of-the-art machinery to meet the different needs of customers.

PRODUCTION THE ART OF MADE IN ITALY

All VD s.r.l products are entirely designed and manufactured in Italy.

VD offers an entire range of machines for coating and drying flat and shaped surfaces from spray robots to vertical dryers, roller finishing machines, spray machines, curtain coaters, machines for coating edges, UV and hot air dryers.

↑ Robot finishing line with *Cobra 2* and vertical oven.
