

Fraunhofer

IGCV

FRAUNHOFER RESEARCH INSTITUTION FOR CASTING,
COMPOSITE AND PROCESSING TECHNOLOGY IGCv

Quality and technical cleanliness

www.igcv.fraunhofer.de/en

COMPETENCES AND SERVICES

Non-destructive testing and
process monitoring

Definition, analysis and
monitoring of technical
cleanliness

Evaluation and optimization of
cleaning processes

Selection, design and
implementation of cleaning
technologies

Networked information-based
component cleaning (machine
learning / artificial intelligence)

Consulting and training in the
field of technical cleanliness
