QUALITY SINCE 1912

MAGNET-SCHULTZ

Your Specialists for electromagnetic Solutions

State-of-the-art technology for the 21st century.

»Support your Customers‘ Success!«

THIS IS US

AN INNOVATIVE FAMILY BUSINESS IN THE ALLGÄU REGION

At Magnet-Schultz, we proudly uphold the values that have defined our name for over 110 years — Excellence in Quality, Collaborative Partnerships, and Responsibility.

Rooted in tradition, driven by passion — as a fourth-generation family business, we are proud of who we are. Our decades of experience, combined with deep in-house expertise and our spirit of innovation, empower us to create tailored electromagnetic high-tech solutions for diverse applications every single day. We take responsibility — for our products, our customers, our environment, and the generations to come. That's why we invest in future-oriented technologies and nurture our own talent, ensuring that our values live on through the people who shape our tomorrow.

Our shared mission — Supporting our customers' success — inspires us every day. It's more than a goal; it's the reason we go the extra mile.

FACTS & FIGURES

Which we are proud of as a future-oriented, secure and international family business.

4th GENERATION
Family Business

2450
Employees

15%
Employees Abroad

8%
Trainees in Memmingen

25+ YEARS
Length of Employment of More Than 1,200 Employees

Turn-Over per Year

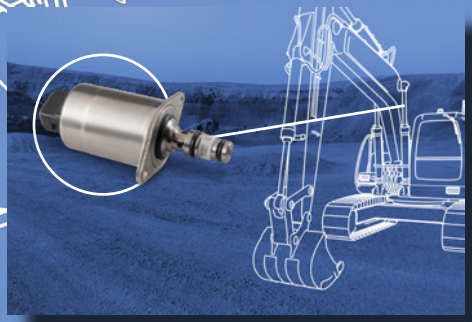

„OUR GOAL IS CLEAR:
TO GROW CONTINUOUSLY —
DRIVEN BY LEADING-EDGE TECHNOLOGY
IN A SUSTAINABLE, INDEPENDENT,
AND DIVERSIFIED WAY."
Dr. Albert W. Schultz

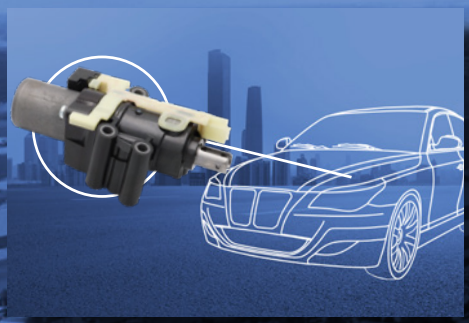

INDIVIDUAL HIGH-TECH SOLUTIONS FOR SOPHISTICATED INDUSTRIES

Aerospace

Hydraulics

Automotive

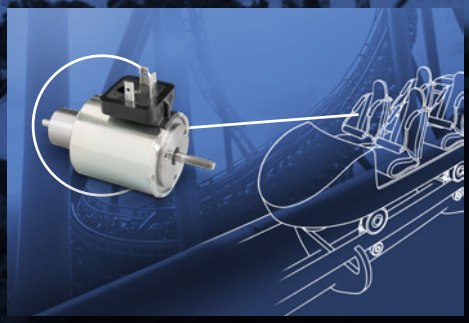

Hydrogen

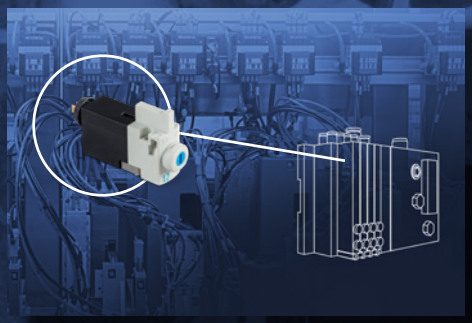

Commercial Vehicles

Medical Technology

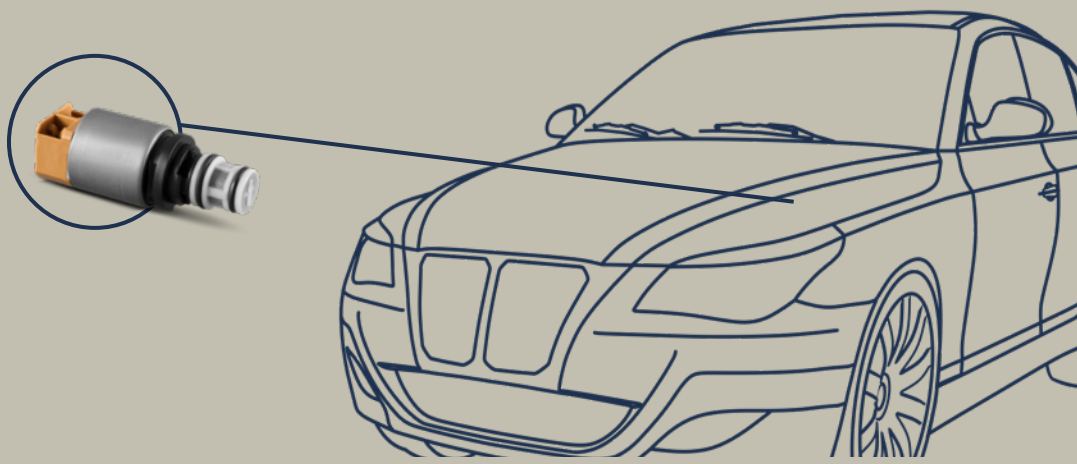

Electromechanics

Pneumatics

SMALL PARTS BIG IMPACT

Complete solutions and custom designs are our specialty — especially when it comes to electromagnetic actuators, sensors, and valve technology. We serve industries with the highest demands for precision, innovation, and quality. Across a wide range of sectors worldwide, our products make a meaningful contribution every day.

Solenoid Valves and Valve Solenoids for Hydraulics

Pneumatics

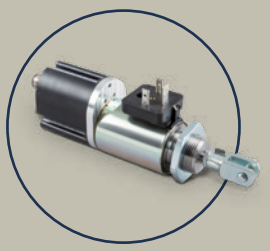

Hydrogen

Mechatronic Systems

Solenoids

Shotbolt Lock Units

Rotary Solenoids

Sensors

QUALITY

IATF 16949

DIN EN 9100 Aerospace

ISO 9001

ATEX IECEx

TISAX®

EMAS

SUSTAINABILITY

Since our foundation in 1912 by Adolf Wilhelm Schultz, sustainability has been a core value in our corporate culture.
We recognise the challenges facing the environment, mobility and society, and see the need for change. This holistic approach to sustainability shapes our economic, ecological and social commitment, as well as the development of our products.

TECHNOLOGIES & INNOVATIONS

CT

Spectral analysis for metals

High pressure test bench up to 1000 bar

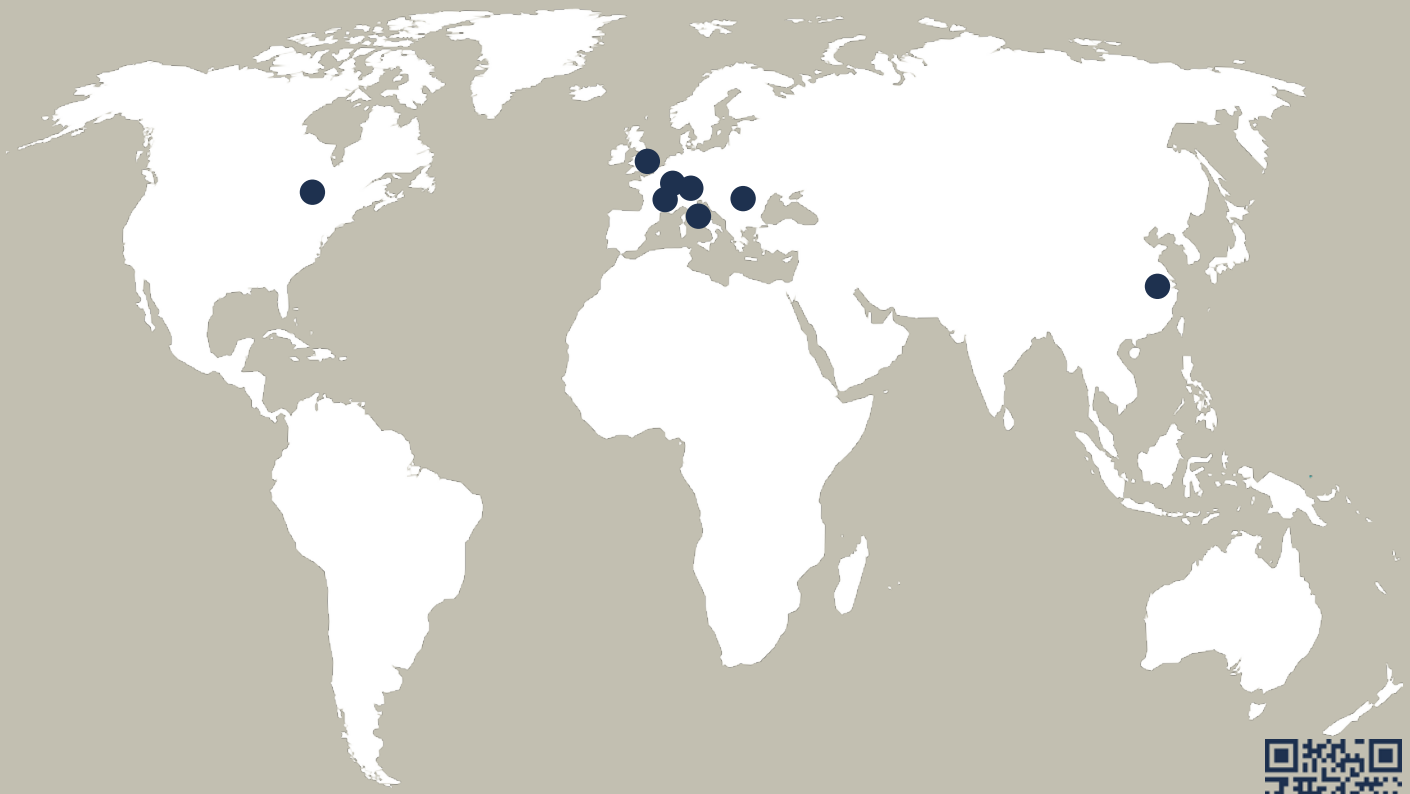

Multispindle winding machines

Multispindle CNC turning machines

Automatic handling
